Brief History

CIMdata has been leading the global PLM economy since 1983. Started by Julius Dorfman, Robert Johnson, and David Penning, CIMdata has evolved into the leading independent global strategic management consulting and research authority focused exclusively on the PLM market. CIMData PLM Industry News Digest provides its web archives from the year of 2004.

Scope and Coverage

The CIMData PLM Industry News Digest is a weekly collection of daily news items of interest to industrial periphery. It covers different kind of industrial topics like company news, various event news, financial news, product news, new implementation information, business community, research etc.

Kind of Information

In CIMData PLM Industry News Digest entries (articles) are available with its title, description and date of publication. “Read more” option present for more detail information. An example is given below.

Tuesday, April 18, 2017

Announcing Eurostep’s PDT Europe 2017 and CIMdata’s PLM Road Map 2017

Two leading PLM global events will co-locate in Gothenburg, Sweden on 17-19 October 2017. Stockholm, Sweden and Ann Arbor, Michigan, USA, 18 April 2017—Eurostep, the long-time producer of PDT Europe, and CIMdata, the leading global PLM consulting and research firm, are pleased to announce the co-location of PDT Europe 2017 and PLM Road Map 2017. The two events will be held in conjunction with each other at Clarion Hotel Post in Gothenburg, Sweden. Participants can choose to attend one of the events or both with a discount. PLM Road Map will take place on October 17, while PDT Europe takes place on October 18-19. “With the successful co-location of PDT Europe and PLM Road Map in 2016 we decided to go with the same concept in 2017,” says Mr. Håkan Kårdén, CEO, Eurostep Group. “The PDT Europe 2017 theme is: Continuous Transformation of PLM to Support the Lifecycle Model-Based Enterprise. This is highly [Read more...](#)

Special Features

- Links to social networking sites like Facebook, Twitter, Google+ and so on. User can share each article via social networking sites.
