

Home Page

The screenshot shows the ChemNet website interface. At the top, there are links for 'China Business Portal', 'ChinaChemNet', and 'KoreaChemNet', along with 'Login', 'Join Now', 'Contact Us', 'Sitemap', and 'Help'. The main header features the ChemNet logo and a banner for 'Bifenthrin Alcohol' and 'Lambda-Cyhalothrin Acid'. A navigation bar includes 'Home', 'Products', 'Suppliers', 'Offer to Buy', 'Offer to Sell', 'Chemical News', 'REACH', 'CAS', and 'Resource'. A search bar is present with a dropdown menu set to 'All'. Below the search bar, there are logos for 'Liaoyang Dongwang Chemical Products', 'Jiangxi Fuerxin Pharmaceutical & Chemical', 'AMMONIUM BROMIDE', 'LEVACHEM', and 'UNIBROM 化学有限公司'. A list of regions is provided: 'United States | India | China | United Kingdom | Other Regions | Germany | Japan | Canada | South Korea | Australia | Italy | France | Netherlands | Switzerland | more'. A grid of product categories includes: 'Machinery and Equipment', 'Food and Feed additives', 'Dyestuffs and Pigments', 'Organic chemicals and Derivatives', 'Laboratory Chemicals', 'Intermediates', 'Catalyst and Auxiliary', 'Inorganic chemicals', 'Paint and Coatings', 'Others', 'Other Chemicals', 'Polymers', 'Metals and Minerals', 'Pharmaceuticals and Biochemicals', 'Petrochemicals', 'Agrochemicals', 'Adhesives and Sealants', 'Soaps and Cosmetics', 'Fragrances and Aroma chemicals', and 'Pharmaceuticals'. The 'Suppliers List' section is alphabetically indexed (A-Z) and features two entries: 'SuZhou Huadao Quinoline Co.,Ltd.' and 'HUANGSHANKBRCHEMICALCO.LTD'. Each entry includes a company photo, name, location, and a brief description. A 'Featured Suppliers' sidebar on the right lists several companies.

ChemNet

Brief History

Its services were started from 1997.

Scope and Coverage

ChemNet serves chemical professionals around the world in the fields of trading and exchanging chemicals, technology, ideas and powerful search engine through offering current trading leads and value-added market information. Now it acts as the largest supplier database in this field, including 120,000 members, 300,000 product records, and about 800,000 visitors everyday.

Kind of Information

Information are given on products and services. Each of the chemical products are described with molecular weight, molecular formula, category, synonyms, molecular structure etc. An example is given below :

Potassium Nitrate	
Category:	Agrochemicals/Chemical fertilizers
CAS NO:	7757-79-1
EC NO:	231-818-8
Molecular Formula:	KNO ₃
Molecular Weight:	101.1032
Specification:	
InChI:	InChI=1/K.NO3/c;2-1(3)4/q+1;-1
Synonyms:	Potassium nitrate (99.999%-K) PURATREM;PotassiumnitrateACSwhitext l;Potassium ion chromatography standard solution Fluka;Nitrate ion standard solution Fluka;Nitrate solution;Filling solution for salt bridges and double-junction electrodes;Filling solution for chloride combination electrode (10% KNO ₃ , trace AgCl, KCl);Filling solution for fluoride electrode (17% KNO ₃ , 5% KCl, trace NaCl, AgCl);Filling solution for cyanide or sulfide electrode (10% KNO ₃ , trace AgCl, KCl);NO ₃ ;NITRATE SINGLE COMPONENT STANDARD;NITRATE STANDARD;NITRATE;NITRATE, CERTIFIED ANION STANDARD;NITRATE IC STANDARD;NITRATE ION;
Molecular Structure:	 $\begin{array}{c} \text{O} \text{---} \text{N} \text{---} \text{O} \\ \\ \text{O} \\ \text{K} \end{array}$

In case of popular products, their melting point, boiling point, water solubility etc are also given. Information on different topics are given in 'resources'. Some of those topics are colour index, drug synthesis, top 200 drugs, parent compounds etc. Information on hot products are kept separately. Products' CAS numbers are enlisted under each country. It offers a wide range of services complying with REACH and those services are :

- Only Representative
- Pre-registration
- SIEF and Consortia Management
- Technical Dossier
- Registration
- Data Gap Analysis
- SDS Update and Preparation
- Exposure Assessment and CSR Preparation
- Testing Strategies
- Supply Chain Communication

Each of the chemical news is provided with title, date, URL and description (sometimes also with photos).

Information on trade shows can also be found with their dates, venues, locations, names of organizers etc. as shown below :

Chemspec Europe 2015	
Expo Date:	Jun 24,2015-Jun 25,2015
Venue:	MESSE KLN, COLOGNE, GERMANY
Location:	
City:	
Country:	GERMANY
Topic:	
Organizer:	Quartz Chemicals
Sponsor:	
Date Posted:	Jul 01,2014

Under the heading of 'offer to sell' following type of information can be seen :

<input checked="" type="checkbox"/> Selling Product	CAS	Company	Date
▶ 2,3-Epoxypropyltrimethylammonium...	3033-77-0	Shenzhen Feiming Science and Technolog... VIP	2017-02-06

The suppliers' names are provided with their respective countries and contact numbers and brief description. Information on the suppliers of popular products are given as follows :

RIL INTERNATIONAL LTD. Enquiry for Caustic Soda	
Address:	Room 1033,Huaying Mansion,Zhongxin Avenue,Tianjin Airport Economic Area,Tianjin 300308,China
Zip:	300457
Telephone:	+86 22 58211126/27/28
Fax:	+86 22 58211129
Web Site:	www.tjril.com

Sometimes descriptions of featured products are given with photos.

Special Features

- Searching facility is provided to visitors.
- Hyperlinks of many websites can be found. Some of those are :Trustin Chemical, Toocle.com
- Website can be browsed either through product or through service.

➤ Chem. Index is now available in mobile app.

Arrangement Pattern

Chemical products and their sub categories are arranged alphabetically like follow:

- Adhesives & Sealants
- Agrochemicals
 - Acaricide
 - Chemical fertilizers
 - Fungicide
 - Herbicide
 - Insecticide

Names of suppliers are also arranged alphabetically as follows :

a a vexcel international
A B Dust Control Limited
A B Impex

Remarks

It is an industry-specific business-to-business (B2B) website and its services have been oriented towards the business customers from the very beginning. ChemNet also offers chemical news updated every day and the latest trade show report for all the users.
