Brief History

Subject to research

Scope and Coverage

It covers information on 22870 publishers of 132 countries, 78 languages, 2646 cities, 5463 service providers and 48631 registered users. PublishersGlobal.com offers an easy way to reach publishing industry professionals around the world. Their news, events and directory pages attract a diverse set of influential professionals – publishers, editors, authors, rights managers, literary agents, distributors, printers, designers and librarians to name just a few. The directory also provides opportunities for various stakeholders to communicate and do business with each other.

Kind of Information

This directory provides information on the publishers of different countries including their locations in map. Total no. of publishers are given in brackets under each of the countries. Such as :

India	258
Indonesia	5

After clicking on the name of the country, total numbers of publishers are divided in different categories.

Each of the publishers gives their location, map, contact detail and brief description. An example is given below:

BioMed Central

Publishing company profile: BioMed Central, London, United Kingdom

All services are listed in the directory of service companies. Those are printing, prepress, distribution, packaging, marketing etc. Each of the services shows the results including the list of publishers with their detail. As for example, “**printing management companies**” shows the following result :

Printing Management Companies

Displaying 1 to 10 of 128 Printing Management Companies

A total of 128 organizations are listed in the 'Printing Management' category of the publishing services directory. You can also see a list of Printing Management Companies by country, by choosing a country first.
