Brief History

Alamy (registered as Alamy Limited) is a privately owned stock photography agency launched in 1999. Its headquarters are on Milton Park, near Abingdon, Oxfordshire, United Kingdom. It has a development and operations centre at Techno park in Trivandrum, Kerala, India and a sales office in Brooklyn, United States.

### ***Scope and Coverage***

Till date 95 million stock images, vectors and videos are covered by Alamy from different categories. There is 56 different categories are available now, some of them are Agriculture, Architecture, Art, Sport & fitness, Travel, Wildlife etc.

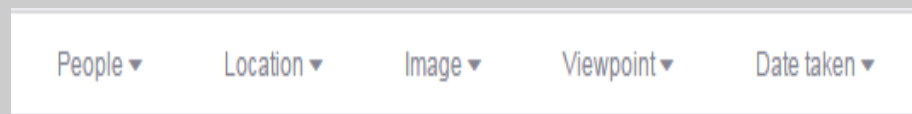

### ***Kind of Information***

Alamy maintains an online archive of tens of millions of still images, illustrations and hundreds of thousands of videos contributed by agencies and independent photographers or collected from news archives, museums and national collections. Its suppliers include both professional and amateur photographers, stock agencies, news archives, museums and national collections. Its clients are from the photography, publishing and advertising industries and the general public.

Fresh inspiration with 80,000 new stock images added daily. Global content sourced from over 50,000 individual photographers and 600 picture agencies in 173 countries. The scale, variety and quality of their work gives a greater choice of creative images than anywhere else.

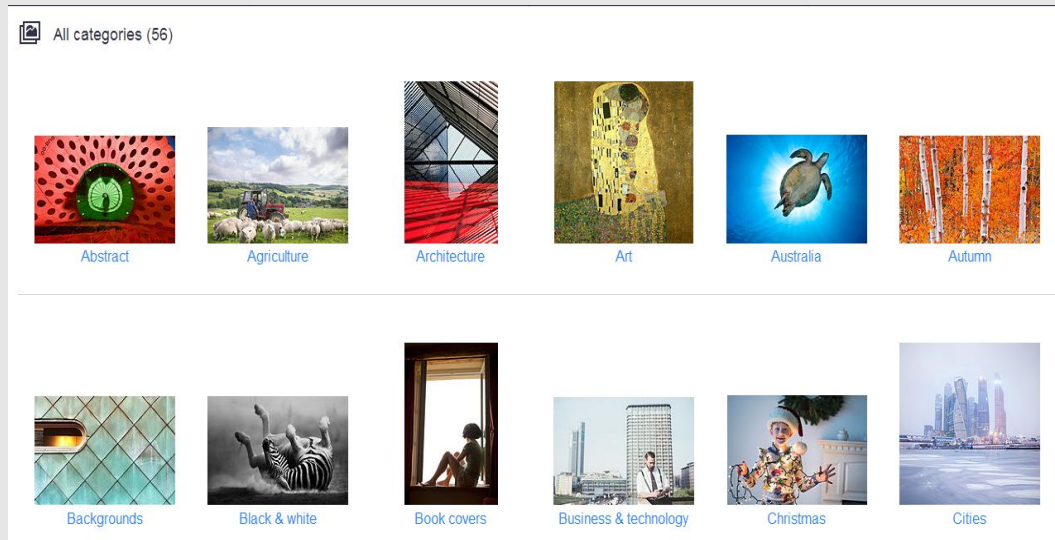

### ***Special Features***

- ❖ Alamy is a great place to sell the stock imagery. Every photographer can sell their photos in two ways.
  1. Work directly with clients on commissioned projects
  2. Advertise the images with a stock photo agency and get commission for every image sold
- ❖ Alamy have an extensive collection full of every type of image, from everyday stock to niche subjects and locations. Its encyclopaedic nature means it's a fantastic source of imagery for creative and editorial picture buyers.
- ❖ Quick and advanced both search facilities are available.
- ❖ Users can refine their search using these options as below,

**Arrangement Pattern**

All the images are arranged categorically, and these categories are arranged alphabetically. As for example,

**Remarks**

Alamy is the world's most diverse stock photo collection. Designers, marketers, publishers and news desks around the world can buy imagery from Alamy. Image sales vary, customers buy directly online or with support from their customer service teams.
