| *Kind of Information* | StockSnap.io is the best place on the internet to find beautiful free stock photos. StockSnap select nothing but the highest quality, highest resolution pictures and add them to their database on a daily basis.

They curate the best stock photos from around the web and they also upload photos from selected photographers within their network.

They are very grateful for all the photographers who are nice enough to share their work for free. To pay respects, StockSnap identify the author of each photograph and link back to their profile. Their long term vision is to create an amazing community of photographers that want to share their work with the world.
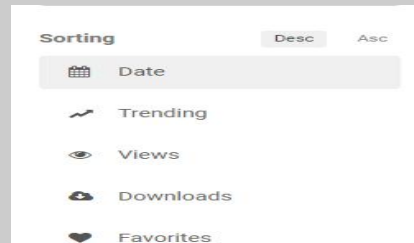

In the home page the popular searched photos are listed categorically.
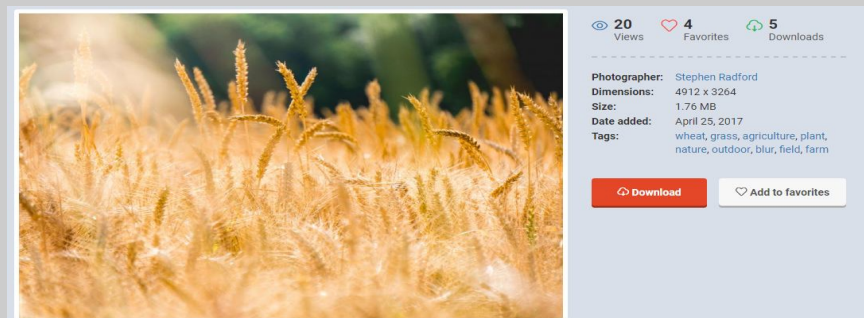

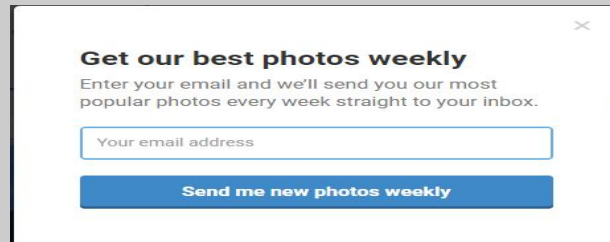

As for example,

 |
| *Special Features* | ❖ All photos uploaded to the site are released under Creative Commons - CC0 and do not require attribution.

❖ All the images are sorted by these options in a descending or ascending order.

❖ Descriptions with the images are also provided. Such as, photographer name, size date of added etc.

 |

❖ Users can subscribe to get the photos uploaded weekly by StockSnap.io. They just need to put their mail id for this free subscription.

❖ Recently added photos are displayed in the home page.
